

Parkdale Center awarded Three-Year CARF Accreditation

Chesterton, IN— May 21, 2019— CARF International announced that Parkdale Center has been accredited for a period of three years for its Partial Hospitalization Programs In Addiction Medicine. The latest accreditation is the first Three-Year Accreditation that the international accrediting body, CARF, has awarded to Parkdale Center and it is the only CARF accredited organization for Partial Hospitalization in the region.

This accreditation decision represents the highest level of accreditation that can be awarded to an organization and shows the organization's substantial conformance to the CARF standards. An organization receiving a Three-Year Accreditation has put itself through a rigorous peer review process. It has demonstrated to a team of surveyors during an on-site visit its commitment to offering programs and services that are measurable, accountable, and of the highest quality.

Parkdale Center is a for-profit organization with offices at 350 Indian Boundary Rd. Chesterton, IN. It has been providing Partial Hospitalization Programs for Professionals since 2015.

CARF is an independent, nonprofit accrediting body whose mission is to promote the quality, value, and optimal outcomes of services through a consultative accreditation process and continuous improvement services that center on enhancing the lives of the persons served. Founded in 1966 as the Commission on Accreditation of Rehabilitation Facilities, and now known as CARF International, the accrediting body establishes consumer-focused standards to help organizations measure and improve the quality of their programs and services. For more information about the accreditation process, please visit the CARF website at www.carf.org.
